## Cooperation & Travel

The week is being held in cooperation with the Competence Centre of Gender, Diversity and Inclusion at the University College of Teacher Education Tyrol.

We would be delighted if you could travel green.

If it is not possible for you to travel to the International Staff Week in an environmentally friendly way, we warmly encourage you to consider offsetting your flight. Although offsetting cannot fully undo the environmental impact of flying, it supports certified climate protection projects and contributes to reducing emissions globally. It is one meaningful step towards more responsible travel.

The International Staff Week events take place in fully accessible facilities at the University College of Teacher Education Tyrol. All event venues are step-free, and accessible sanitary facilities are available. If participants have any individual accessibility or support needs, we kindly ask them to contact us in advance so that we can provide the best possible support.
